

New Offering from the IAFE Technology Committee

The IAFE Technology Committee is offering technology consulting services to all member fairs. A number of our committee members are offering their services to consult with any IAFE member fair about their technology needs or wants. Looking to upgrade your network or need a review of collaboration tools being utilized? Our committee members can help.

What Skills Do They Bring?

Committee members have expertise in:

- Networking
- Audio/Visual
- VoIP Phone Systems
- Computers
- Technology Security
- Cameras
- Collaboration Tools such as Google Docs and Microsoft Office 365, just to name a few.

Want More Info?

If your fair is interested in connecting with a technology committee consultant, contact Kate Turner at katet@fairsandexpos.com.

Please include:

Your name:

Fair name with state/province:

Expertise needed with a description of the challenge:

Best contact way to contact you:
